

WAREHOUSE INEFFICIENCY HAS MET ITS MATCH

The New Honeywell CK65 Rugged Mobile Computer

Say goodbye to inefficiency and unproductive time from batteries that don't last, mobile devices that drop and break—or need upgrading every two years. The Honeywell CK65 continues the rugged reliability and performance of its popular predecessor, the CK3X/R, but *gives you more—for less*.

MORE SECURITY AND A LONGER LIFECYCLE

Guaranteed Support through Android™ R

The longest, most secure mobile device lifecycle in the industry!

THE ONLY INDUSTRIAL MOBILE COMPUTER
with support through Android R

SECURITY UPDATES BEYOND
Google's last patch

Built on the Proven Mobility Edge™ Platform

Fifth product to be released under Honeywell's unified hardware and software platform. *Certify once, deploy across many devices!*
